Park Board Meetings

Clarendon Hills Park District is a separate municipal governing agency established for the purpose of providing parks, facilities and recreational programs for the community. The Park District is responsible for maintenance, operation and administration of parks and park facilities under its jurisdiction and is governed by five elected commissioners who set policies for the operation of the Park District. Regular Park Board meetings are held the fourth Monday of each month at 7:00pm at the Clarendon Hills Park District Community Center. Residents are invited to attend all meetings and are welcome to make suggestions to improve programs or facilities that we offer.

What are CPRP and CPSI?
CPRP is an acronym for Certified Park and Recreation Professional. *This status is given to leisure professionals who can demonstrate through education, experience and current practice that they meet and exhibit certain predetermined qualifications established by the National Recreation and Park Association Certification Board. These individuals have earned a Bachelors or higher degree from an NRPA accredited program, have passed a certification exam and maintain sanctioned educational units bi-annually. CPSI is an acronym for* Certified Playground Safety Inspector *which requires successful completion of course and exam.*

GOLF CAMP

Skyhawks Golf focuses on building the confidence of boy and girl athletes by teaching proper technique to refine essential skills of the game. Golf is a challenging and lifelong sport, so young athletes need proper focus on the fundamentals of form, swinging, putting, and body positioning. To assist in this training, Skyhawks has adopted the SNAG (Starting New At Golf) system to its curriculum. SNAG utilizes a set of equipment designed for beginning golfers, including oversized plastic club heads and "mini tennis balls" to help build confidence and to have fun. Developed by PGA professionals, SNAG is specifically designed for the entry-level player; SNAG simplifies instruction so that young players can make an easy and effective transition onto the golf course. No need to bring your own clubs--all equipment is provided. ***NOTE: The equipment is child friendly and is not regulation metal clubs.*** We keep the instructor-to-camper ratio low, resulting in limited availability.
